BRYAN AT SEA AS TO MEXICO.
Apparently Doesn't Know What He Is Doing.
LA. P. NIGHT WIRE TO THE TIMES: WASHINGTON, March 7.—No intimation as to what is to be the new administration's policy relative to the Mexican situation was forthcoming today from Secretary of State Bryan. Assistant Secretary of State Huntington Wilson gave out the following: "The Secretary of State has not had time to make any thorough investigation of Mexican affairs and the department consequently has absolutely no comment to make today on any phase of that situation."

INSECT KILLS FRUIT PEST.
HAWAIIAN PARASITE DESTROYS MEDITERRANEAN PLY.
California State Horticultural Commissioner Henry New Bag Recently Discovered Will Be of Great Value in Saving Crops in This State.
LA. P. NIGHT WIRE TO THE TIMES: SACRAMENTO (Cal.) March 7.—Information has reached the office of the California State Horticultural Commissioner from Honolulu that an entomologist of the Hawaiian government has discovered a parasite insect to destroy the devastating fruit pest, the Mediterranean fly. Dr. Ryland of Honolulu called the Hawaiian government on his discovery of the parasite insect in Africa. Honolulu, in turn, forwarded the message to this country.
Dr. Cook, Horticultural Commissioner, declares that if the report is true and the insect proves a success in this climate and in Honolulu, the discovery will be of tremendous importance to the fruit industry.

REAR-ADMIRAL RETIRED.
WASHINGTON, March 7.—[By A. P. Night Wire.] Rear-Admiral Albert Willits, U.S.N., was placed on the retired list of the navy today on account of age.

PRESIDENT GOMEZ DEFIES WILSON ADMINISTRATION.
Cuban Executive Signs Amnesty Bill Despite Protest of United States.
Declares that He Feels Constrained to Comply With the Wishes of the People—Uncle Sam Is Not Likely to Relinquish Treaty Responsibilities to Maintain Law and Order in Pearl of Antilles.
[BY CABLE AND A. P. TO THE TIMES.]
HAVANA, March 7.—President Jose Miguel Gomez today signed the amnesty bill in spite of an energetic protest handed to the Cuban government yesterday by United States Minister, Arthur M. Bausup. President Gomez in a statement issued after he had placed his signature to the amnesty bill, said that he "felt compelled to comply with the wishes of the Cuban people as expressed by the large majority in the Cuban Congress favoring the bill." He added that he desired to leave further discussion of the matter to diplomatic channels.
In the meantime instructions will be issued to proceed immediately with the release of all prisoners included within the terms of the bill.
ANTICIPATE SERIOUS RESULTS.
The action of President Gomez in signing the law in the face of the energetic protest of Mr. Bausup, made in accordance with instructions from Secretary of State Bryan, created great surprise. Some of the evening newspapers extol the action of the President as patriotic, while others condemn it as most unwise and likely to be productive of serious results.
PEREMPTORY NOTE SENT.
The American legation officially was ignorant of the President's action today and another note was dispatched to the Cuban government. The details of this note have not been revealed, but the message is known to be of a most peremptory character.
PRESIDENT WILSON TO STAND FIRM.
[BY A. P. NIGHT WIRE TO THE TIMES.] WASHINGTON, March 7.—Minister Bausup's protest to President Gomez against the general amnesty bill was directed by the present administration and is taken as an indication that whatever the policy of President Wilson will be in regard to the other Latin-American republics there is not likely to be any relinquishment of the responsibility for the administration of law and order in Cuba, under the terms of the special treaty between the two countries.

GERMANY DRAINS GOLD FROM UNITED STATES.
Berlin Engages Six Millions from New York at High Interest for First Time in Five Years—Bank Statements Show Excess Reserves in This Country Have Fallen to a Slender Margin.
[BY A. P. NIGHT WIRE TO THE TIMES.]
NEW YORK, March 7.—Engagements of about \$2,000,000 gold for export expressed in concrete terms today the bearing of strained monetary conditions abroad upon this market. The first engagement of gold for Germany since the spring of 1909 was announced. The bulk of the gold, however, goes to France and Argentina.
Berlin was again bidding 6 1/2 per cent. in this market today for sixty and ninety-day loans in advance of April settlements. Indicating that the exportation of gold which has amounted to nearly \$15,000,000 this year, would be carried further, this country having the largest projected supply of the metal. The outlook for money rates was not favorable, although the call money rate here is still the lowest of any of the world's great financial centers.
EXCESS RESERVE REDUCED.
Last week's banker statement showed that the excess reserves had been reduced to a slender margin and forecasts of tomorrow's report based on known movements of currency indicated a further loss of \$2,000,000 or \$4,000,000. The disturbing influence of monetary conditions abroad was felt in this market as well as on the European exchange. The least of stocks which declined from one to two points embraced most of the important issues. Selling was not heavy but traders were inclined to take the short side of the market and no excessive support was given.
DECREASE IN COPPER.
For the first time since last August, a decrease in stocks of copper metal was reported. The February figures showing a shrinkage of nearly \$90,000 pounds. The decrease was small and was regarded as making better conditions in the copper industry, special significance being attached to the gain of 12,999 pounds in exports.
Standard Oil stocks declined on the curb, being affected by much the same kind of rumors as were circulated yesterday regarding American Tobacco and the attitude of the new Attorney-General. Loans ran up to 38 points in one case.
Bonds were heavy, with further declines in recent quotations. Total sales par value, \$1,785,000. United States bonds were unchanged on call.

HUNDREDS ARE INJURED IN RIOT AT FUNERAL.
[BY CABLE AND FEDERAL (WIRELESS) LINE OVERLAND TO THE TIMES.]
BERLIN, March 7.—[Special Dispatch.] Hundreds of persons were injured in a riot at the funeral of Rudolf Plenz, a Berlin Jeweler, and Mrs. Plenz, who were almost beheaded by robbers on March 2. The robbers had stretched a wire across the road at Sennigsdorf, a few miles from Berlin. The wire was very fine but tremendously strong. It was so fine that it was invisible even in the light of the lamps of their auto. The strong steel wire caught husband and wife under the chin, killing them instantly and almost decapitating them.
THAW REFUSES TO ESCAPE.
Alfred Henry Lewis Asked Him Why He Didn't "Log It" From Matamoras.
[BY A. P. NIGHT WIRE TO THE TIMES.] ALBANY (N. Y.) March 7.—Alfred Henry Lewis of New York told Gov. Sulzer's Committee of Inquiry today what he knew concerning the recent efforts to secure Harry K. Thaw's release from the Matamoras Hospital.
Mr. Lewis declared he first visited Thaw at the institution about six weeks ago at the instance of former Gov. W. A. Stone of Pennsylvania, whom he described as "the attorney for the Thaw family."
"Mr. Stone told me," Lewis continued, "that the current of law had always run against Thaw—that it would be a good thing if something could be said the other way."
Lewis wrote to Gov. Sulzer for a letter which would permit him to see any inmate in Matamoras. He did not mention Thaw's name to the Governor. He talked with Thaw, he said, and became convinced that Thaw was sane.
"You probably have had many chances to get away; why didn't you log it?" Lewis said he asked Thaw. Thaw's reply was that though he had had opportunities to escape, he preferred release through legitimate channels.

ONE CLASH WITH CUPID SUFFICES MRS. REAKIRT.
[BY DIRECT WIRE TO THE TIMES.]
S. Y. LOUIS, March 7.—[Exclusive Dispatch.] Mrs. Edna G. Reakirt, divorced wife of Llewellyn B. Reakirt, Cincinnati millionaire, now living in St. Louis with her 12-year-old son, Edward, and her brother, William Shaw, denied that she has received a hundred proposals of marriage as the result of the publicity incident to her divorce.
Mrs. Reakirt tonight could not be seen and her aunt, Mrs. T. O. Thompson, with whom she lived when she first came to St. Louis, denied the rumors for her.
Mrs. Reakirt came to St. Louis after her divorce in Cincinnati, about the first of this year.
She immediately started her own household with her brother and son. Since then she has taken up society with the younger set, but there has been no indication of another love awakening in her.
Mrs. Reakirt at the time of her divorce received alimony amounting to approximately \$100,000 and her son holds a lien of about \$1,000,000 on his father's estate. The Reakirts were married seven years ago at Lake Minocqua, Wis., after a romantic courtship brought about through Mrs. Reakirt's proficiency in water sports. This first attracted the attention of the millionaire, who later married her.

WASHINGTON, March 7.—Wealthiest tribesmen and it is said their aggregate wealth would total \$300,000,000.
Secretary Lane assured his visitors that the government is not likely to be given charge of the campaign in Sonora.
TROUBLE IN MORELOS.
There are rumblings of new disorders in the State of Morelos. Cito Robles, a persistent enemy of the government in the south, is reported to have assembled a band of 800 men from the remnants of the forces of the old leaders who were disposed to cast their lot with the Huerta administration.
DIAZ AND HUERTA REPORTED AT ODDS.
[BY A. P. NIGHT WIRE TO THE TIMES.] MEXICO CITY, March 7.—With cord between Gen. Felix Diaz and President Huerta are said to have grown out of the selection of the date for the Presidential election. An agreement is given from official sources that there is no basis for the rumors that the story current is that Gen. Diaz desires the elections at a date not later than eight months off, while President Huerta is standing firm to his original declaration that they be held "when the country is sufficiently pacified to assure free elections in every State."

SOCIETY WELCOMES DIVORCED BEAUTY.
[BY A. P. NIGHT WIRE TO THE TIMES.]
SACRAMENTO, March 7.—[Special Dispatch.] San Francisco leads all other counties of California in the percentage of final divorces granted to marriages solemnized according to the State Bureau of Labor, just issued from the State Printing office. One in every five couples married in San Francisco and in the divorce courts. That is the record during the two years' period, which ended June 12, 1912.
The State ratio is one to seven. During that time there were 12,511 marriages and 2,977 divorces. Of the number of actions filed \$5.45 per cent. by husbands and 74.55 per cent. by wives. Wilful desertion was the chief cause assigned.

ANNEXATION IS SLOGAN.
Border Mexicans in Coalition.
Coahuila, Sonora, Chihuahua, Lower California, Seek to Emulate Texas.
Secession Junta Is Declared to Have Its Headquarters in Los Angeles.
Huerta Government Is Aligned to Situation and Rushes Big Army North.
[BY DIRECT WIRE TO THE TIMES.] MEXICO CITY, March 7.—[Exclusive Dispatch.] What is considered absolute evidence that the northern states of Mexico, Coahuila, Sonora and Chihuahua, and including Lower California, are now bending their utmost endeavors to form a confederation and secede from Mexico and then ask for annexation to the United States, came to the government today from the north. The revolutionary junta which is supposed to be back of the movement is located in Los Angeles.
According to the information received at the capital, the four districts named, after joining together, will make application to the United States for annexation, following to a large degree, the example of the territory of Texas.
The government is alive to the situation and large forces are to be sent into the northern territory at once.
HUERTA REALIZES GRAVITY OF TASK.
[BY A. P. NIGHT WIRE TO THE TIMES.] MEXICO CITY, March 7.—With wire communication interrupted between the capital and the rebel-infested centers of Coahuila and Sonora, the only information concerning conditions there emanates from government sources. These make it appear tonight that a situation has developed which will test the utmost resources of the new administration.
Federal troops in increasing numbers are being pushed into the district about Mexico, in Coahuila, the center of the Carrancista rebellion, while other forces are moving into Sonora, where ex-Gov. Maytorena's efforts are said to be directed toward inciting the Indians.
Eighteen hundred additional troops left here tonight for San Luis Potosi, where they will co-operate with the forces of Gen. Trujillo. Another expected to reach Mexico before morning.
Hope that the government would be able to effect a peace settlement with Carranza appears to have been abandoned and all resources of the War Department are to be employed in crushing the Governor and his followers.
OROZCO TO COMBAT REBELS.
It is reported, but without confirmation, that Pascual Orozco has asked himself a disposition of the government to combat the Carrancista rebels in Sonora, and the 1500 troops now are on their way to Chihuahua, where they will be placed in Orozco's command or subject to his direction.
The organization of a division by Gen. Cuellar is being rushed and is regarded as not unlikely that he will be given charge of the campaign in Sonora.
SONORA MOBILIZES TEN THOUSAND MEN.
[BY A. P. NIGHT WIRE TO THE TIMES.] TUCSON (Ariz.) March 7.—By the fact that Sonora has revolted from the present provisional government of Mexico and its Congress has repudiated the Huerta administration, Gen. Maytorena hopes to convince the United States that President Huerta is not in control of Mexico, and recognition of his administration, therefore, should be withheld.
Maytorena denied here that the State Congress had awaited the inauguration of President Wilson before breaking with the Huerta administration, and declared the two occurrences merely incidental.
According to Maytorena, an army of 10,000 men is mobilizing and he expects them to be put into the field within the immediate future. The only Federal troops now in Sonora are the rural police, under Col. Koss. (Continued on Sixth Page.)

VERDICT HANGS FIRE IN BRIBERY CASE.

Jurors Not Yet Agreed and Darrow in Nervous State.

Everybody Except the Defendant, Who Apparently Still Hopes for Acquittal, Sees Strong Prospects of a Disagreement, Which Would Always Becloud Him. Long Deliberation Will Probably End Today.

AFTER deliberating upon the guilt or innocence of Clarence Darrow, charged with the bribing of a juror in the McNamee case, the jurors had not reached an agreement at 1 o'clock last night. They were locked up in their hotel at that hour, and will be given another opportunity to report at 10 o'clock this morning. At that time every juror except the defendant is convinced that there will be a "hung jury."

Darrow apparently still hopes that acquittal will come to him. Last evening he made a brief statement in which he said he was much surprised at the verdict, but that as a lawyer he was still confident that the twelve men would be brought to agree. He said the jury should be sequestered a sufficient time to reach this result if it is possible.

He visited the courtroom last night, and it was not long before Clerk Shea announced that the jury would report no report was ready. A failure of a jury to reach a verdict of acquittal, but that as a lawyer he was still confident that the twelve men would be brought to agree. He said the jury should be sequestered a sufficient time to reach this result if it is possible.

At 10 o'clock word came from the courtroom that there was no immediate prospect of reaching a verdict. The court took a recess and left.

ALLEGED BANK THEFTS MULTIPLIED TEN TIMES.

Alleged Race Gambler Arrested Last Night Believed by Police to Be One of the Beneficiaries of Remittance Clerk's Defalcation—Nick Oswald Said to Have Handled Juarez End of Deal.

THIRTY thousand dollars belonging to the Traders' Bank is the amount now alleged to have been thrown into the hungry maw of the race-track gamblers by Owen J. Morris, remittance clerk and former teller of the institution, who virtually admits his defalcation.

Following the startling disclosure incident to the story told by the bank clerk, Deputy Dist. Atty. Shannon issued a felony warrant for Abe Morris, a local sporting man and alleged "bookmaker."

He is charged with the grand larceny in connection with the disappearance of the bank funds alleged to have been turned over to him by the defuncting clerk, ostensibly for the purpose of settling on betting on the Juarez races.

Abe Morris was taken into custody last night by Detectives Rosen, King, Williams and Rossmore at his residence, No. 1131 Arapahoe street. Subsequently he was taken to his office suite in the Germania building, where his effects were searched by the detectives.

Blank checks, covers for poker tables and various other paraphernalia were found, which, according to the officers, gave the lie to the prisoner's assertion that he was engaged in the real estate business. There was absolutely nothing in the three rooms on the fifth floor that indicated even a remote resemblance to the orthodox real estate office, they assert.

In an exclusive statement to The Times following his arrest last night, Morris said he was in no way connected with the embezzlement of the bank funds and denied any acquaintance with the defuncting bank clerk. He professed at first not to know why he was arrested, but subsequently admitted that he had heard of the charges against him.

Asked concerning his connections with the Juarez races and as to whether or not he had acted in the capacity of "bookmaker" here, wiring bets to the Mexican city, he closed his lips like a clam and thereafter refused to comment on his predicament. He immediately telephoned for Attorney Frank Dominguez and said that all questions would be answered by the latter.

The search of the rooms rewarded the detectives for their efforts and in addition to the evidence gathered there, they also learned of the existence of two safe deposit boxes in local banks, which will be searched today.

According to detectives working on the case, young Morris, the clerk, was separated from the bank's money through the simple expedient of Abe Morris sending it in the form of bets to Nick Oswald, race-track tout and gambler at Juarez. Oswald is known to have been a member of the gambling organization which flourished here and the police say the operations wherein Morris is said to have lost \$10,000 are the property of the race-track swindlers and bunco men now under investigation.

The loss sustained by the bank will not affect the institution's standing in any way, said the officers last night, as the amount, though large as a loss, is insignificant compared to the cash and resources at its disposal.

Owen J. Morris, who is in no way related to the alleged "bookie," was arraigned yesterday before Justice Summerhield and the date of his preliminary hearing set for the 17th inst. In default of \$5000 bond required by the court for his release he was remanded to the County Jail.

Something of a sensation was sprung in the courtroom when the beautiful young wife of the prisoner appeared with \$1000 which she brought to the bank officials, apparently hoping that such a course would mitigate the severity of the punishment to be meted out to her husband. She stated that an additional \$1000 might be forthcoming later.

The personal sacrifice of the young wife in the effort to save her erring husband was a source of much comment yesterday, especially in view of the fact that practically every cent of the money alleged to have been taken from the bank by the former teller is believed to have been lost in the race track swindle.

Mrs. Morris's friends intimate that she contemplates sacrificing all her personal effects and, if necessary, appealing to relatives in the East for the money needed to have been taken from the bank by the former teller is believed to have been lost in the race track swindle.

General watch-out alarms were sent broadcast over the city immediately following the establishment in a state of chaos, the victims almost paralyzed with fear and some weeping, part of the bar equipment wrecked and the daring, gang-strong looters gone, as usual.
